

The Emanuel County Board of Education prohibits the sale of food of minimal nutritional value to students from midnight until 30 minutes after the school day anywhere on the school campus.

The school campus is considered A la carte sales in the cafeteria, school stores, snack bars, vending machines and other venues.

The school food authority will maintain records documenting compliance with the nutritional standards for all competitive food available for sale to students in areas under its jurisdiction that are outside of the control of the school food authority. These records include receipts, nutrition labels and/or product specifications for the competitive food available for sale to students.

Competitive foods and beverages sold on the school campus as fundraisers must meet the nutrition standards for competitive food as required under the Healthy Hungry Free Kids Act of 2010.
